A Century of Service

Rush Medical College received its charter in 1837, several days before the incorporation of the City of Chicago. Many of its graduates have attained great distinction and have played an important part in the medical history of the past century.

The Central Free Dispensary was organized in 1872 to give medical care to the poor of Chicago. It was a consolidation of the first free medical dispensary in Chicago, started by Dr. Daniel Brainard in 1839, and the Herrick Free Dispensary, organized in 1871 to relieve the destitution caused by the Chicago fire.

The Presbyterian Hospital was incorporated in 1883 at the instigation of the faculty of Rush Medical College to provide hospital facilities for the community and clinical material for the college.

The Presbyterian Hospital School of Nursing was organized in 1903. It has been an important factor in the development of a high standard of nursing education.

1942

THE YEAR 1942 was the first full year that the Presbyterian Hospital was responsible for the operation of the Central Free Dispensary and the Rush Medical College. The coordination of activities in these institutions with the work in the hospital and the changing conditions due to the war have presented many difficult problems for our personnel. They have, however, been equal to every situation, and the care of patients, which is our first consideration, has been kept at a very high standard.

The following is a summary of the financial results for the year's operation:

Operating deficit of Hospital and	
School of Nursing, including charity	\$ 121,266.04
Operating deficit of the Central Free Dispensary	16,041.87
Operating deficit of the Rush Medical College	24,898.31
Non-operating expenses	20,888.81
	<hr/>
	\$ 183,095.03

Funds to meet these deficits and non-operating expenses were provided as follows:

Endowment Fund dividends and interest	\$ 125,638.87
Centenary Fund contributions	19,956.00
Contributions from churches	4,561.35
Contributions from individuals (To Hospital)	3,413.65
Contributions from individuals (To Dispensary)	791.00
Harry S. Black and Allon Fuller Fund (To Hospital)	2,295.73
Harry S. Black and Allon Fuller Fund (To Dispensary)	2,295.73
Woman's Board contribution to expenses	10,804.58
Other non-operating income	18,751.78
	<hr/>
	\$ 188,508.69

Receipts exceeded expenditures by \$5,413.66, but it should be borne in mind that no reserve for depreciation of buildings was included in expenses and that the hospital is therefore dependent upon special contributions for major repairs and improvements.

The principal of the Endowment Fund amounted to \$4,251,381.45 at the close of the year. The following additions to the fund were received during the year:

\$50,000 from the Estate of Mr. James Simpson, the income to be used for the support of a 10-bed ward.

\$10,000 from the Estate of Mrs. Mary Wells, the income to be used for the support of a Richard Arthur Wells bed.

\$ 1,923.50 from the Estate of G. W. Patterson,

\$10,000 from the Estate of Robert Edwin Ross.

\$ 3,946.73 from the Woman's Board.

In addition to bequests and gifts to the Endowment Fund and the contributions to operating expenses, contributions amounting to \$35,407.14 were received for study and research by members of the staff and for other special purposes. An additional \$13,444.35 was received as income on endowments for specific purposes.

The Woman's Board, in addition to contributing \$10,804.58 to operating expenses, financed many other necessary activities, and their total contributions to work amounted to \$19,129.81 for the year.

Last May, Dr. Carl Apfelbach, pathologist since 1924, was appointed to the newly created post of Medical Director.

On September 1, Mr. Herman Hensel, Assistant Superintendent for more than 20 of his 30 years' association with the Hospital, succeeded Mr. J. Dewey Lutes as Superintendent.

The hospital had an average occupancy of 81.16% during the year, 13,486 patients were admitted, and 130,048 patient days of care were given. There were 1269 births in the Maternity Department. During the latter part of the year there were many days when every available bed was occupied and the capacity of our greatly reduced medical staff and personnel was taxed to the utmost.

The Board of Managers at their October meeting authorized the expenditure of \$350,000 for alterations in the Maternity, X-Ray, Operating Room and Dietary Departments. The War Production Board approved the project, and work is progressing as rapidly as possible under existing conditions. Authority was also granted for the installation of a new front elevator. The elevator has been delivered, and installation is well under way. It is believed that these improvements will greatly improve the service to patients and effect considerable operating economies.

THE CENTRAL FREE DISPENSARY which is now operated as the Out-patient department of the hospital, cared for 6,384 new patients during the year, and there were 118,862 patient visits. There was an average of 400 patient visits a day, and 77.6% of the visits were free.

The work in the Dispensary has been reorganized for the purpose of giving needy patients more comprehensive diagnoses and treatment than is usual in this type of institution. The first floor has been remodeled to provide for the admitting department, examining rooms, emergency operating room, and laboratory. New

patients on their first visit are given a complete examination and preliminary diagnosis together with routine laboratory tests, a procedure which formerly required several visits. They are then referred to the proper one of the special clinics, which are under the senior members of the hospital staff. The clinic follows the case in the hospital when hospitalization is necessary. It is believed that thoroughness of this procedure will provide better and more economical medical care and at the same time exceptional teaching facilities for students.

The staff of the hospital contribute their services to the Dispensary, and it receives generous support from the Community Fund and the Chicago Welfare Administration.

THE RUSH MEDICAL COLLEGE is providing facilities for research for the members of the staff of the hospital and for undergraduate instruction of students of the University of Illinois, with which it is now affiliated. The agreement between the University of Chicago and the Rush Medical College was terminated in July 1941, but the last class of students did not graduate until June of 1942. Since that date the expenses of the College have been met by the hospital, as the University of Illinois had no funds that could be used for that purpose. The University budget now before the legislature includes funds for the work in Rush Medical College and if acted upon favorably the hospital should be relieved of some of the financial burden and the work in the College expanded.

THE SCHOOL OF NURSING has an enrollment of 197 student nurses, 34 more than at this time last year. The larger enrollment has overtaxed the housing facilities of the school and it has been necessary to rehabilitate the houses owned by the hospital east of the Sprague Home to provide additional accommodations.

The affiliation with the Cook County Psychiatric Hospital was terminated on September 1 and students now receive three months training in the Illinois Neuro-Psychiatric Institute.

A new and improved ward teaching program has been adopted and another assistant nursing arts instructor and an additional clinical supervisor have been added to the staff. The teaching hours have been coordinated with the heavy work periods in the hospital, which has greatly increased the value of the student nurses to the hospital.

Following a survey last fall, the school was placed on the accredited list of schools approved by the National League of Nursing Education.

CONTRIBUTIONS TO THE WAR EFFORT have been numerous and varied. The organization of the Thirteenth General Hospital at the request of the Surgeon General is Presbyterian Hospital's most important

contribution. In the First World War its predecessor, Base Hospital Unit No. 13, served with great distinction at Limoges, France, from May, 1918, until after the Armistice. Lieutenant Colonels Edwin M. Miller and Homer K. Nicoll, and Major William T. Willis were members of the original unit, and the sons of several other members are in the present unit.

The personnel of General Hospital 13, to staff a 1000 bed hospital, is comprised of 43 doctors, 100 nurses, and 700 enlisted men. The medical, surgical, laboratory, and x-ray services were recruited almost entirely from the staff of the Hospital and from former interns and associates. About two-thirds of the nurses are graduates of the Presbyterian Hospital School of Nursing and many of the enlisted personnel were former employees.

A Casualty Station has been organized and equipped by the hospital to meet any local emergency which may arise. Plans have been made for using certain sections of the hospital for receiving, examining, and operating rooms, and ten teams have been organized and trained to man the station. Four field teams have also been formed for work away from the hospital.

A blood plasma bank has been equipped and has been in operation since last July.

The facilities of the hospital were used for the examination of 1,544 candidates for the Women's Army Auxiliary Corps, and 17,348 x-rays were taken for the Army.

A major contribution to the war effort is the training of nurses and doctors. Refresher courses were also given for former nurses and, in cooperation with the American Red Cross, a Nurse's Aide course and library training courses for Gray Ladies were conducted.

Volunteers have rendered a most valuable service during the year. Due to the shortage in personnel it would have been impossible to adequately care for the patients without the assistance of Red Cross trained Nurse's Aides, Canteen Workers, and Gray Lady Hospital and Recreation Corps, together with members of the Woman's Board and other friends of the hospital. The patients and the staff are most appreciative of their work.

Presbyterian Hospital paused to regard with sorrow the passing of Dr. John A. Robison, member of the staff from 1883 until his death; Dr. Carey Culbertson, assistant attending obstetrician and gynecologist; Dr. George W. Duvall, for 16 years superintendent of Central Free Dispensary; Dr. Cassie Belle Rose Thatcher, radiologist at Presbyterian Hospital for 20 years; Dr. James R. Greer, former staff member; and seven members of the Woman's Board.

That the work of the Presbyterian Hospital can continue and even be expanded, despite the exigencies of war, is largely due to the tireless efforts of the staff, the loyalty of the employees, and the generous support of its many friends.

Presbyterian Hospital 1942-1943

Board of Managers

- Apparatus for Patient with Cutaneous Ureterostomies. *J. Urol.* 47: 840-2, June, 1942.
Carcinoma of Prostate Treated with Diethylstilbestrol; Histologic Alterations. (With Herman L. Kretschmer). *J. A. M. A.* 119: 1087, Aug. 1, 1942.
Chorionic Gonadotropin; a Potent Stimulator of Growth. (With Willard O. Thompson and Richard P. Morris). *Tr. A. Am. Physicians* 57: 216-8, 1942.
Stimulation of Growth in Pituitary Dwarfs with Chorionic Gonadotropin and Sex Hormones. (With Willard O. Thompson and Richard P. Morris). *J. Clin. Investigation* 21: 623, Sept., 1942.

ERNEST E. IRONS

- Results of Desensitization in Tuberculous Iritis. (With E. V. L. Brown and S. R. Rosenthal). *Arch. Ophthalmol.* 28: 1028-37, Dec., 1942.

AARON E. KANTER

- Effects of Testosterone Propionate and Stilbesterol on Mammary Gland Postpartum. (With E. M. Jeppson and H. Y. Kasabach). *J. Clin. Endocrinol.* 2: 16-8, Jan., 1942.
Use of Oxytocic Drugs During Puerperium. (With R. K. Hausmann and Arthur H. Klawans). *Illinois M. J.* 81: 324-5, April, 1942.

ARTHUR H. KLAWANS

- Pregnancy Complicated by Hodgkin's Disease. *Am. J. Obst. & Gynec.* 43: 895-6, May, 1942.
Use of Oxytocic Drugs During Puerperium. (With Aaron E. Kanter and R. K. Hausmann). *Illinois M. J.* 81: 324-5, April, 1942.

BERTHA A. KLIEN

- Arteriovenous Angioma of Mandible and Retina with Pronounced Hematemesis and Epistaxis. (With L. E. Bower, S. P. Ditkowsky and I. P. Bronstein). *Am. J. Dis. Child.* 64: 1023-9, Dec., 1942.

ALVA A. KNIGHT

- Improved Methods in Diagnosis and Treatment of Protozoan Infections of Intestine. *Illinois M. J.* 82: 263-7, Oct., 1942.

DISRAELI WILLIAM KOBAK

- Conservative Treatment of Pelvic Inflammation with Newman Thermo-Flo. (With F. H. Falls and E. C. Bernell). *Am. J. Obst. & Gynec.* 44: 240-50, Aug., 1942.

HERMAN L. KRETSCHMER

- Carcinoma of Prostate Treated with Diethylstilbesterol; Histologic Alterations. (With Norris J. Heckel). *J. A. M. A.* 119: 1087, Aug. 1, 1942.
Diagnosis and Treatment of Tuberculosis of Kidney. *Surg., Gynec. & Obst.* 75: 704-11, Dec., 1942.
End Results in Removal of Bladder Neck Obstruction. *J. A. M. A.* 119: 336-7, May 23, 1942.
Renal Tuberculosis. *Proc. Interst. Postgrad. M. A. North America* (1941) pp. 347-9, 1942.
Stone in Ureter; Clinical Data Based on 500 Cases. *Surg., Gynec. & Obst.* 74: 1065-77, June, 1942.
Technic of Transurethral Prostatic Resection. *S. Clin. North America* 22: 135-47, Feb., 1942.

WILLIAM D. McNALLY

- Nitric Oxide Fumes; Treatment After Their Inhalation. *Indust. Med.* 11: 207-8, May, 1942.
Use and Abuse of Barbiturates. *J. Michigan M. Soc.* 41: 635-42, Aug., 1942.

WILLIAM F. MONCREIFFE

- Eye Injuries in Chemical Warfare. *Proc. Interst. Postgrad. M. A. North America* (1942) pp. 303-7, 1943.
Further Studies Concerning Homatropin Cycloplegia and Paredrine, with Special Reference to Rate of Accommodative Recovery. (With Karl J. Scheribel). *Am. J. Ophthalmol.* 25: 839-43, July, 1942.

ALBERT H. MONTGOMERY

- Surgery of Children; President's Address. *Tr. West. S. A.* (1941) 51:47-58, 1942.

FREDERICK B. MOORHEAD

- Elastic Traction in the Treatment of Jaw Fractures. *Dental Digest* 48: 362-5, 368, Aug., 1942.
Use of Sulfonamides in Oral Surgery. *J. Am. Dent. A.* 29: 2162-6, Dec. 1, 1942.

OLIVER S. ORMSBY

- Mycotic Infections of Skin; Ringworm of Hands and Feet and Yeast (Monilial) Infections. *Proc. Interst. Postgrad. M. A. North America* (1941) pp. 204-9, 1942.

EVAN W. PERNOKIS

- Simple Method of Evaluating Blood Platelets. *J. Lab. & Clin. Med.* 27: 1069, May, 1942.
Splenectomy in Medical Practice; Report of 13 Splenectomies. *J. A. M. A.* 118: 865-9, March 14, 1942.

HEYWORTH N. SANFORD

- Is Administration of Vitamin K to Newborn of Clinical Value? (With I. Shmigelsky and J. M. Chapin). *J. A. M. A.* 118: 697-702, Feb. 28, 1942.
Is Presence of Bile and Food in Small Intestine Necessary for Formation of Prothrombin? Studies on Three Infants, One with Congenital Absence of Gallbladder and Extrahepatic Ducts and Two with Congenital Atresia of Esophagus. *Am. J. Dis. Child.* 63: 894-9, May, 1942.
Quantitative and Qualitative Platelet Values of Normal Newborn Infants. (With I. Shmigelsky). *Am. J. Dis. Child.* 63: 729-32, April, 1942.

KARL J. SCHERIBEL

Further Studies Concerning Homatropin Cycloplegia and Paredrine, with Special Reference to Rate of Accommodative Recovery. (With William F. Moncreiff) *Am. J. Ophthal.* 25: 839-43, July, 1942.

LOUIS W. SCHULTZ

Bilateral Cleft-Lip Reconstruction. *J. Am. Dent. A.* 29: 248-50, Feb., 1942.

The Woman's Board

Members of the Woman's Board exhibited utmost enthusiasm to help bring Presbyterian Hospital successfully through the year, refusing to let the exigencies of war disrupt its important functions.

Their answer to one vital problem—the shortage of personnel—has been to don the smocks of volunteer workers and give expert service as floor secretaries and dispensary clerks. The first organized unit to contribute assistance was that of the American Red Cross Gray Lady Hospital and Recreation Corps, under the leadership of Mrs. Philip F. W. Peck of the Woman's Board. During the year they gave 5,901 hours of work in the dispensary and hospital. As additional groups were trained by the Red Cross, Nurse's Aides and Canteen Workers also came in to help. The former gave 2,829 hours, the latter 2,105. Other Board members and friends gave 1,687 hours—a total of 12,522 hours of service by volunteers. As an acknowledgment of the hospital's gratitude for this great help through the American Red Cross, the hospital librarian gave four courses in library training for the Gray Ladies.

With demands on every side for worthy enterprises, the Board was quick to appreciate the importance of the hospital's war-time service, with the result that more than \$22,000 was raised to forward its work. Of this amount \$3,690 was added to endowment funds, including Child's Free Bed, Babies' Alumni, and Ward Free Nurse.

Proceeds of the annual benefit bridge party of the school of nursing committee, amounting to \$1,759, were added to an emergency fund for the Thirteenth General Hospital. Four hundred and thirty-six taggers represented Presbyterian Hospital in the Chicago Children's Benefit League Tag Day, collecting \$2,180.

Undesignated moneys came through associate memberships, Board Members Fund, Contributors' Fund, Thanksgiving offerings, and individual gifts. Of this amount \$8,629 was contributed to the social service department and \$3,591 to the support of the library, which circulated 22,861 books. The summary of receipts and disbursements appears on page 25.

Other material gifts were 6,500 glasses of delicacies for ward patients, 10,463 articles of sewing, 16,000 soap wrappers, which were turned in for 164 pieces of silver, 184 books, and numerous favors and presents for children.

Requests for formal talks before groups were filled through the publicity committee, members of which visited twenty-one churches, where they showed films of hospital scenes and described activities, gaining results of increased interest in the work of the Woman's Board.

There were nine regular meetings during the year, with an average attendance of over 100. Interesting talks were given by staff men, and reports were made

concerning the hospital and related fields. The devotional committee arranged appropriate messages for each meeting.

Membership for 1942 was 247, representing 44 Presbyterian churches, clubs, Presbyterian Society, non-resident membership, Junior League, and general membership. Four new members were welcomed. The following were lost through death: Mrs. William B. McKeand, Mrs. James B. Keogh, Mrs. Elizabeth Gates Ross Metz, Mrs. Agnes White, Mrs. Harry McNair, Miss Harriett Gilchrist, and Mrs. Henry C. Hackney.

\$7,500 names an adult bed in perpetuity.

\$10,000 names a room in the Private Pavilion as a perpetual memorial.

\$20,000 names a four-bed ward as a perpetual memorial.

\$35,000 endows a graduate nurse in perpetuity to care for seriously ill ward patients.

\$50,000 names a ten-bed ward as a perpetual memorial.

The hospital management will be glad to inform or advise interested friends concerning the vital values derived from bequests and other gifts of endowment. You are earnestly invited to visit us so that we may discuss the immense scope of good works wrought by such gifts in the constant drive toward national health.
